POLITICAL CATS ALWAYS LAND FEET FIRST...

Just about anybody who knows any thing about cats knows that there ain't no way you can drop a cat without th' cat landin' on its feet and purry mitch the same thang applies to the Political Cats. Since California's notorious Proposition 13 alerted th' Tax Eaters to the fact that the people are fed up with High Taxes and Bureaucratic Waste, it is amazin' how th' Politicians have jumped on th' Band Wagon and are claimin' Economy in Govmint is their very own and they discovered it their own self.

Of course, this takes more than a smidgen of digests on th' part of you and me, but th' feller that said Politicians are famous for their ability to go into a revolvir' door and come out at the head of th' line was understatin' th' case. For instance, the U. S. Conference of Mayors was more than somewhat upset that President Carter (CONT. ON PAGE 8)

Replacement Cattle Turn-around Noted

St. Joseph, Mo. (USDA) - National feeder cattle and calf receipts 100,400 this week, 139,900 last week; 184,000 a year ago. As not summer weather enveloped much of the nation and receipts tapered off, price levels and receipts tapered off. Price levels for feeders, although calves were poor, led in most areas, showed a modest turn-around from the sharp declines recorded during the preceding month.

Prices along the Missouri River generally ranged steady to 2.00 higher with Kansas City and Sioux Falls showing advances to as much as 5.00. Oklahoma City, Amarillo, and Dodge City combined to show steady to 2.00 higher except Amarillo and Dodge had heifers steady to 2.00 lower. Springfield, Mo., was 2.00-3.00 higher on steers and 1.00-3.00 up on heifers while Arkansas was steady to 2.00 lower early but strengthening late to close firm. Instances 2.00-3.00 higher on heifers.

Iowa was steady to 2.00 higher. Kentucky and Tennessee were steady to 3.00 lower. In the southeast, trading was uneven but for the most part, steers wound up steady to 2.00 lower with calves steady to 2.00 higher. Feeder calves sold steady to 2.00 lower. Direct trading through the states of Wyoming, Montana, Utah, Idaho, eastern Nevada, Washington, Oregon, and California was very slow with hardly enough sales to establish price levels. Wheeler Elected ICA President at Meeting

(CONT. FROM PAGE 1)

Livestock Exchange in Pleasanton and was selected as the Outstanding Businessman of Alameda County in 1976. Elected to serve with Wheeler on the state executive board of the association were Dr. Eddie Payne of Bryan, 1st vice president; Fred Brown of Gonzales, 2nd vice president; Andrew Greimert of Hutto, secretary; and John Moore of Grapeland, treasurer.

Wheeler replaces T. A. Cunningham of Goliad who founded the association and served as its president for four terms. Cunningham will continue to act as an advisor for the association and plans to step up his duties as president of the Independent Food and Energy Producers, Inc., a national organization with which the cattlemen's association is affiliated.

"I am very pleased in the association's confidence in me and I will do my best to continue the fine tradition that has been established by T. A. Cunningham," said Wheeler in his first address as president of the association. "We have a fine future ahead of us."

In resolutions adopted by the delegates, ICA pledged to fight land use,

Here's how to make
EXTRA PROFIT
on your grass!

Produce

EXTRA GAINS
that cost as little as
20¢ to 25¢ per pound
with
EVERGREEN BEEF DEVELOPER

"It costs less because it does more!"

Many of our customers
get an extra pound of
gain with every
2 to 3 pounds of feed.

We're taking the extra gain... as much as an extra pound per head per day on 50 head, that's 4,500 pounds in just 90 days! ... 6,000 pounds in just 180 days! Soon after starting Evergreen Beef Developer, you can actually see your cattle "put on" ... see improvement in hair coats, and buyers often pay a premium for cattle that are supplement-conditioned and ready to "let off" in the market. Beef Developer is also excellent for developing young bulls and heifers for hard replacements, or it can be used to stretch your pasture to carry up to twice the cattle.

Add pounds of
extra profit to
your calves, too!

BRANGUS The Ideal Mother.

There's just one reason you need Brangus cows working for you—PROFIT! Brangus is America's number one brood cow, because she consistently produces calves that are in great demand by stockers, feeders, packers, and consumers. And this means consistent profit for you!

Brangus females mature early, calving as 2-year-olds with no problems, and they give a 20% to 40% longer productive life. They are excellent milk producers, and their calves gain faster, wean heavier, and do better than calves of other breeds. With Brangus females, you eliminate sunburned teats, sore eyes, and other disease and pest-related problems.

Only animals with a 3/8 Brahman-5/8 Angus heritage are true Brangus, for only this combination gives animals with the hardiness, adaptability, and high production that is consistently characteristic of the Brangus breed. If you want PROFIT, you need BRANGUS!

For information about scheduled events, upcoming sales, and sale catalogs, call collect: Lauren Mayhew, Secretary, Texas Brangus Breeders Association, P. O. Box 570, Sealy, Texas 77474. Tel. (713) 885-3364.

ected to go to Panama and cuddle up with Torrijos, rather than appear at their meeting and they figured a way to get even would be to invite Sen. Teddy Kennedy to headline the program. Kennedy would show how they really feel about it. Kennedy has been sayin' he favors and will support Carter in 1980, but folks close to Kennedy say they figure he would accept the nomination in 1980 if things work out that way.

Anybody that has been payin' any attention at all knows Kennedy is in the lead when you consider Big Spenders in Congress. His legislative proposals make all the rest of the Big Spenders look like two-bit politicians. An example is the National health program.

another is the proposition that the Government to foot the bill for the expenses of anyone who wants to appear at Government hearings on proposed legislation or regulations. Since His Poppa Joe Kennedy set up trust funds for all the Kennedy kids so they did not have to soil their hands makin' a livin' and could devote their lives to less odious occupations like politics and the opposite sex, it ain't surprisin' that Teddy figures that throwin' tax money at any problem is the popular thing to do and has no perception of the fact that you and me have to provide this type confetti.

At the Mayor's meetin' Kennedy castigated the Washington Establishment as the root cause of all tax woes and this should be obvious to one and all. For instance, the other day the House big noise about votin' a cross the board cut in funds for HEW. Then Sunday on

Panhandle Directs

Amarillo, June 30, (P-S) — Slaughter steers closed 1.00-1.50 lower while heifers were 2.00-3.00 lower. This week's movement was the largest movement in seven weeks and has helped clean up a slight backlog of cattle that had built up over the past month. The carcass beef trade opened the period 1.00-2.00 lower, but turned around late Wednesday and closed as much as 2.00 higher. Steers, 51,200; good and mostly choice, 70-80 percent choice, 2-4 1000-1200 lbs. 60.00-62.00, late 51.00-62.00. Mixed good and choice 2-4 925-1200 lbs. 49.00-51.00. Good, few choice 2-3 1050-1100 lbs., including Holsteins, 48.00. Heifers, 16,800; 4 loads choice 2-3 875 lbs. 49.50. Good and mostly choice 2-4 850-950 lbs. 47.00-49.00, late 48.00-49.00. Mixed good and choice 2-4 850-950 lbs. 46.75-48.00. Good, few choice 2-3 925-1000 lbs. 47.00-49.00. Good and choice 2-4 950-1050 lb. heifers 45.50-45.25, 3 loads reached 47.00.

The T&V Joe Califano, the head honcho at HEW, smirked as he said even if that cut sticks, the House has already appropriated \$400 million more for HEW than the Carter Administration even asked for.

Some years back a friend of mine tried to organize a Taxpayers Revolt and it appears he was a little ahead of time for this effort. We still keep one of his bumper stickers hung up in our office which reads "TAXPAYERS REVOLT — VOTE THE RASCALS OUT" and now might be a good time to revive his idea and get some of these stickers printed up to remind folks that it's only relief we are gonna get is to fire enough of the Washington crew in Congress to make a change in the thinkin' up there and until that happens don't give your hopes up too much.

Ever thine, The Editor. P. S.: Uncle Dunk claims the news media and White House under Carter and numerous prominent liberal thinkers who combined to make some sort of hero out of Alexander Solzhenitsyn, the former Soviet martyr, have very rosy cheeks these days after he told his Harvard audience how rotten America and the news media are. Maybe Jerry Ford knew somethin' when he refused to invite Alex to the White House! Dunk figures Nixon's coming-out party in Kentucky just goes to show you the game is never over until the last man is out and a lot of dyed in the wool Nixon haters are probably broke out in hives for the 4th of July. Dunk figures the new White House crisis over the appointment of David G. Gardner to the Commodity Futures Trading Commission, even after that \$72,000 stock gift from the head of a firm over which he would have some jurisdiction, and President Carter's call for his resignation or to indicate somebody up there is not such a fast learner as we have been told. Gardner's refusal to resign is makin' another "news event" that may equal the Bert Lance episode. — Thassali, Brothers!

Controls Would Be Disastrous, Professor Chides Import Fuss

(CONT. FROM PAGE 1)
Dr. Brunk, who has been a consultant to the livestock and meat industry for over 20 years, spoke on "Meeting Product Preferences." The Congress, conducted annually by Livestock Marketing Institute, Kansas City, Mo., had as its theme, "Meeting Society's Changing Expectations."

Dr. Brunk said controls would very likely come about because consumption of beef has steadily grown over the past 25 years and "Consumers, in their frustration over (current) prices, will very likely force government intervention in the marketplace," rather than cut back on consumption.

Turning to the beef import question, Dr. Brunk said "Imports just aren't that important. In fact, it's too bad that they aren't because if they were they could help you avoid disastrous controls."

he was also critical of the industry's battle against imports, saying, "An

Cattle may be consigned to any of the seven commission firms operating on the yards. They are Carson Commission Co., 817/624-3191; John Clay & Co., 817/624-1800; Farm & Ranch Commission Co., 817/624-2181; Farmer-Kutche Commission Co., 817/624-2176; Foley-Allen Commission Co., 817/624-5701; Hutchens Commission Co., 817/624-1194, and Leon Ralls Livestock Commission Co., 817/624-2121.

Further information is available from Fort Worth Stockyards, 181 East Exchange Ave., P. O. Box 4276, Fort Worth, Texas 76106, phone 817/624-3101.

In a year's time the land lost to farming for urban development and other non-farm uses is equivalent to the amount of land needed to produce enough wheat to make 1 1/2 billion loaves of bread.

industry that needs every bit of credit-ability it can muster with the consuming public certainly is not gaining many favorable points by opposing imports at this stage.

"You have a problem of public relations that is very severe today and you better recognize it," Dr. Brunk continued. "Stop thinking about your pocketbook right now — in the long run it will be to your benefit."

The administration's action on imports was "appropriate. It may have been ill-timed, I don't know. I do know one thing," he said, "that tool (of allowing more imports) can't be used again. There simply isn't enough meat anywhere in the world to avoid the im-

pending price rise."

Brunk, who is a professor of marketing, predicted that dissatisfaction with beef prices "is not going to come from the consumer organizations. It's going to be spontaneous."

He added he didn't know what could be done about this issue, but said, "Extensive use of this mix will do more than anything I can think of to quell the (public's) taste for hamburger."

TEXAS HEREFORD NEWS

American Hereford Expo Slated July 20-21 At Kansas State, Outstanding Program

The 1978 all American Hereford Expo scheduled for July 20 and 21, 1978, at Kansas State University, Manhattan, sponsored by the American Hereford Association, promises to be another conference which will have a major effect upon the beef cattle industry.

The program the first day of the Expo will be of great interest to all producers as sessions will be devoted to such important economic beef cattle traits as form and function of the animal, breeding programs and evaluation systems. The list of industry leaders appearing on these up-date sessions includes a "Who's Who" of the beef cattle industry as each participant is a recognized authority in his field.

Frame size as it relates to carcass composition will be covered by Dr. Will Butts, researcher for the USDA and the University of Tennessee. Frame size as it relates to productivity will be discussed by Dr. Robert Totushek, Head of Animal Sciences and Industry at Oklahoma State University and determining frame size through the use of linear measurements will be covered by Burke Healey, Flying L Ranch, Davis, Okla.

Regarding breeding programs, Dr. Richard Willham of Iowa State University will discuss herd improvement through the rapid turnover of generations. Dr. Ray Woodward of the Livestock and Range Research Station at Miles City, Montana, will point out the good and bad points of line-breeding and Dr. Horse Leopold, Kansas State University, College of Veterinary Medicine, will discuss identifying and controlling genetic recessives.

Two outstanding Kansas State University professors, Dr. Miles McKee and Dr. Bill Able, will discuss selection and judging breeding cattle and steers. Putting the entire program into perspective and its practical use by discussing herd mating decisions will be Roger Stuber of Stuber Herefords, Bowman, N.D.

"This Expo program follows such highly important conferences as the Frame Size Conference in Wisconsin in 1969 and the Evaluation Clinic in Oklahoma in 1976 as important links to improvement in the beef cattle industry."

THA SETS BULL SALE AT 1979 FT. WORTH SHOW

Fort Worth — Texas Hereford Assn. will sponsor a Select Bull Sale at the Southwestern Exposition & Fair Stock Show in Barn No. 6 Sunday, Jan. 28, 1979, at 3 p.m. immediately following the traditional THA commercial heifer sale.

Consignment deadline for the bull sale is Aug. 1, 1978. Consignors must be active members of THA and bulls ages will be limited to normal AHA show classifications: two year old bulls to spring bull calves. Sale fee will be \$150 payable with nomination. James Grote, Llano, manager of

Award winners at the Texas Junior Hereford Assn. field day at ETSU June 28 are, from left, front: Joy Weinheimer, Todd Yeager, Jimmie Jill Eckert, Kelly Wood, Kendall Newman, Sheila Martin, Kevin Newman, Ellen Eckert and Shana Summerour; and back, James Raley, Nancy Davidson, Scott Fuhrmann, Kelly Fuhrmann, Mike Smith, Monty Montfort, Jojo Garcia and Jack Epting.

Granite Hills Hereford Ranch, the sale chairman, said the sale committee will attempt to see that this is the best set of bulls ever presented by the Texas Hereford Assn. for sale. Members of the sale selection committee are Grote; Ray Branch, Bob Cormack, Tom Copeland and Jack Quinn.

For further information contact Jack Chastain, THA secretary, 3345 Winthrop, Suite 107, Fort Worth, Texas 76116, phone 817/782-7797 or 244-2837 (night); Palmer Willis, THA president, 1507 Verde, Odessa, Texas 79761, phone 915/366-8927; or James Grote, sale chairman, Granite Hills Hereford Ranch, Box 487, Llano, Texas 78643, phone 915/247-5084.

Davis, Okla. — The Oklahoma Hereford Association's "Sweet Sixteen" Sale of highly select cow-calf pairs at Healey Bros. Flying L Ranch here June 29, the 16 lots grossed \$38,650 for an average of \$2,103. The sale was managed by Guy Shull, secretary-fieldman for OHA, and George Morse, Lenexa, Kan., was auctioneer.

The sale was a highlight climaxing two days of hereford activities in Oklahoma which included an Oklahoma Junior Hereford Assn. field day at the Watson Ranch at Morris, Okla., on June 28, and a tour on June 29 with visits to E. L. "Skeet" Cowen's place at Stratford; Guy J. Hereford and Dr. G. T. Easley Herefords at Ardmore; Teepee Ridge Ranch and Healey Bros. Flying L Ranch, both at Davis.

The top selling pair in the "16" sale was consigned by Oklahoma State University, Stillwater, and sold for \$6100 to Don Dennis, Grady, Okla. T. R. McGalla, Jr., at Okemah, consigned a

ROOF COATINGS
Old roofs of composition shingles and old cedar shingles, can be extended many years. Anyone can apply by brush. M.A. BLACK is a mineral asphalt that dries in 30 minutes. Being thin, it penetrates the cracks and can, by itself, stop most leaks. Not a tar. T.M. WHITE is a white coating developed especially to be brushed over the old roof. Either may be used without the other. Best recommendation is that the M.A. BLACK be applied and then two coats of T.M. WHITE. This very permanent repair at a cost of less than a new roof. The white surface contributes much to cooling in summer. This is our 28th yr. Write for our catalog. We ship same day order is received.

Noble Foundation Bull Performance Test to Begin

The start of the 1978-79 Bull Performance Test sponsored by the Noble Foundation is close at hand. This year's 140-day test features a 21-day warm-up, a self-recorded, 23-day weigh period, and pen feeding. In addition to this year's test is the Pinpointed system. This system records the feed intake of individual bulls so that individual feed conversion figures can be obtained. This system is optional and available on a limited basis.

Entries are being accepted now through August 15. Pen space is available on a first come - first serve basis.

An individual breeder is limited to the entry of six bulls in the test, and only two are eligible for the Pinpointed system. If space is available after August 15 (Entry Deadline), a breeder can enter more than six bulls if he does not enter any bulls for the Pinpointed system.

Bulls should be delivered to the station on September 8, 1978.

Rules, regulations, and entry requirements governing the test as well as cost and other information concerning the test are available by contacting: Noble Foundation, Bull Performance Test Center, Route One, Ardmore, Oklahoma 73401, (405/229-5610).

This is the 11th year the Noble Foundation has sponsored this annual test.

CB Radio Brings Farm Efficiency

(CONT. FROM PAGE 1)
she seemed to know more than anyone about the total farm operation for that day because she had been involved in all of its facets via the CB radio.

As I sat on the tailgate listening to their conversation, I wasn't paying much attention to the specific topics they were discussing. Instead, another message was coming through to me loud and clear. I was hearing her say in an unspoken word, "I feel needed - I have an important contribution to make, and I enjoy being a part of and involved in this operation." In his replies to their conversation, he was actually saying to her, "I appreciate you and all you are doing."

As I started back toward Wichita Falls, it was a heart-warming feeling to realize I had witnessed the intercommunication between a husband and wife.
